The Nickel Plate Road, with its eastern connections—the Delaware, Lackawanna & Western and West Shore and Boston & Maine railroads—is considered by those who have patronized it as a most desirable line between Chicago and New York, Boston and other eastern points, and takes its place among the first class lines leading eastbound from Chicago. It is operating three through first class trains, all daily, and equipped with modern improvements, for the convenience and comforts of the traveling public, and has succeeded, to a remarkable degree, in pleasing its patrons, growing in popularity every day. One of its attractive features and thoroughly appreciated by the traveling public, is its dining car service, meals being served on American Club Plan, ranging in price from 35c to \$1.00; also service à la carte. Colored porters are in charge to look after the comfort of passengers in coaches, and especially to assist ladies traveling with children. All passenger trains arrive at and depart from the La Salle St. station, Chicago, the only passenger station in Chicago on the Elevated Loop. When going east, try the Nickel Plate Road. ## STAY IN MANCHURIA

RUSSIANS HOLDING THEIR POSITIONS EVERYWHERE IN THE CHINESE PROVINCE.

PREPARED FOR HOSTILITIES

CZAR'S WARSHIPS AND TROOPS ARE IN READINESS TO FIGHT THOSE OF JAPAN.

Tien Tsin, Oct. 9.—A telegram from Yui Kow, under date of Oct. 8, states that the Russians are taking no steps to evacuate New Chwang. Reports from the north show that they are holding their positions everywhere.

RUSSIA READY TO FIGHT.

Fleet of Warships Anchored Beside Japan's Squadron.

Paris, Oct. 9.—Official information received here shows that a formidable Russian fleet, comprising ninety warships of all classes, has left Port Arthur and has arrived at Masanpho, south of Korea, where the Japanese fleet had already arrived. The Russian ships have anchored within Masanpho harbor, alongside the Japanese ships.

Several brigades of Russian troops have been moved forward to the Korean boundary and are now encamped on the border. Diplomatic negotiations are still proceeding at Tokio. These do not relate to the evacuation of Manchuria by the Russian troops, but to the future of Korea.

The Patrie, in a special dispatch from Darmstadt, gives an interview with Alexander Savinsky, the secretary of Russian Foreign Minister Lamsdorff, who, it is claimed, spoke on the authority of his chief upon Russo-Japanese relations. M. Savinsky is quoted as saying:

"Our agents at Tokio have informed us that Japan desires war and is prepared for it. We have enough troops in Siberia to resist all the Japanese forces."

WAR NOW INEVITABLE.

China Believes Clash Between Russia and Japan Imminent.

Victoria, B. C., Oct. 9.—The steamer Olympia arrived Thursday from Yokohama and the Orient, bringing news that China had replied to the new Russian demands, seeking a postponement of the evacuation of Manchuria. China answered all the clauses excepting that relative to a duty imposed on Russian goods entering Manchuria, the replies being evasive efforts to delay action. One Japanese correspondent telegraphs from Peking that China has now arrived at the conclusion that war between Russia and Japan is inevitable.

SERIOUS ENGAGEMENT.

Turkish Troops Badly Punished by Insurgents.

Salonica, Macedonia, Oct. 9.—A serious engagement occurred Oct. 6, between Turks and insurgents near Gumenjo, thirty-five miles from Salonica.

About 300 Turks are reported to have been killed or wounded. Fighting near Gumenjo is still proceeding. The Turkish troops there are commanded by Ibrahim Bey, who has asked the military authorities at Salonica to send him two mountain guns. No such guns are available.

Sofia, Bulgaria, Oct. 9.—The feeling prevailing now is generally more hopeful than for some months past. It is based on reports which, while unconfirmed, appear to be well founded. These reports are to the effect that the government is preparing to discharge the recruits summoned for three weeks' drill and that the Turkish and Bulgarian governments have reached an understanding on the question of demobilization whereby Bulgaria will release twenty thousand men and Turkey 40,000. If this agreement is carried out Bulgaria will disband all the reservists recently summoned.

BOTH CHILDREN DEAD.

Gasoline Explosion at St. Paul Proves Fatal.

St. Paul, Oct. 9.—Two fatalities have resulted from the gasoline explosion that occurred Wednesday morning at the home of Philip La Motte, when Mrs. La Motte, her sixteen-month-old son, Lawrence, and her five-year-old daughter, Alma, were terribly burned. After battling for life for over twenty-four hours the baby died at the city hospital yesterday afternoon at 3:30. Seven hours later the baby's sister, as badly burned as he had been, died at the hospital.

The mother is so badly burned that she may not recover.

KILLED BY TRAMPS.

Indiana Man Shot to Death in Minneapolis.

Minneapolis, Oct. 9.—While riding on top of a Northern Pacific box car last night, Leonard C. Dale of Walkerton, Ind., was shot and fatally injured by a gang of tramp hold-up men. The attack was made just as the east-bound local freight was entering Northtown Junction shortly before 9 o'clock. Three hours later Dale died at the city hospital without regaining consciousness.

LARGE SHORTAGE ALLEGED.

President Given of Lancaster (Pa.) Light Company Resigns.

Lancaster, Pa., Oct. 9.—Rumors which have been current for some time affecting the relations of William B. Given, president of the Lancaster County Railway and Light company, with that company, culminated Thursday in the announcement that Mr. Given has tendered his resignation as president and that serious discrepancies, amounting, it is alleged, to \$100,000 or more, have been discovered in his accounts.

Mr. Given had in recent years been regarded as a man of large wealth, and has been noted as an operator on a very extensive scale in the stock market.

The unprecedented slump during the past year and particularly in recent months, it is said, carried with it such heavy losses that he was unable to meet the further demands from his brokers for margins and his accounts were closed out. His operations were reported to be large in Steel, Consolidated Lake Superior, Copper, Union Pacific and Southern railroad.

An expert assistant has been at work on his books for some time. Several officers of the company fully conversant with the situation, while confirming the statement that Mr. Given's resignation as president had been submitted and acknowledged that the investigation in progress had revealed discrepancies, said that for the present they did not desire to make a statement.

CONSUL NOT MENTIONED.

McWade Not Implicated in Chinese Smuggling.

Manila, Oct. 9.—The contract discovered by Collector of Customs Shuster in connection with the scheme of bringing in Chinese coolies under the guise of merchants, the unearthing of which has already resulted in the arrest of John T. Miller, a former Inspector of immigration, and the issuance of a warrant for W. D. Ballantyne, contains the following clause referring to the United States consul at Amoy:

"There shall be deducted from the profits of the firm forty-five dollars Mexican for the total, fifty Mexican for the United States consul, fifty Mexican for the secretary to the United States consul, five dollars for Mr. Lang, interpreter."

Carl Johnson is acting consul at Amoy. It was reported that the name of Consul McWade, who is stationed at Canton, was mentioned as a beneficiary of the contract, but Collector Shuster says this is untrue. Collector Shuster says he has evidence connecting several United States consuls with the scheme. The conspirators have, it is said, already issued many fraudulent certificates under which Chinese have been brought here.

ARGUMENTS ARE ENDED.

Alaskan Boundary Case Now in the Hands of the Commissioners.

London, Oct. 9.—The arguments in the Alaskan boundary arbitration were finished at 3:40 p. m. Mr. Dickinson, of counsel for the United States, concluded with an eloquent peroration dealing with the bonds of amity between the United States and Great Britain.

Mr. Dickinson also paid a tribute to opposing counsel and Lord Chief Justice Alverstone's fairness.

The wives and families of the commissioners and of counsel were present.

John W. Foster, the agent for the United States, thanked the British government in the name of the American government for its courtesy. Lord Chief Justice Alverstone paid a tribute to Mr. Dickinson and the session broke up.

The closing moments were marked by an intensity of interest hitherto lacking in the proceedings.

BATTLE WITH HIGHWAYMEN.

One Bandit Is Killed and Another Wounded.

Aurora, Ill., Oct. 9.—In a battle between three highwaymen and two policemen in Aurora last night one of the robbers was killed and another wounded. The wounded highwayman and his uninjured companion escaped.

Previous to the encounter with the policemen the three highwaymen held up an electric car of the River View Park branch of the Aurora electric line, and, after robbing the motorman and conductor of their valuables, took possession of the car and ran it to within a short distance of the city limits. They were found later on a car bound for Chicago.

The dead highwayman was apparently forty-five years old. He wore clothing of the best make and his hat was purchased from a firm at Des Moines, Ia.

LANDSLIDE CAUSES A WRECK.

One Trainman Killed and Another Fatally Injured.

Oil City, Pa., Oct. 9.—A landslide on the Buffalo and Allegheny division of the Pennsylvania railroad Thursday caused the death of one and fatal injury of another trainman.

W. D. Nelson, fireman, was crushed under the locomotive and killed.

George Beale, engineer, was pinned under the locomotive and burned by escaping steam and will die.

It is not known at what time the slide occurred, but it took the track with it for thirty feet. This was not kept by Engineer Beale until he was almost upon it, and then the engine, tender and five of the cars plunged from the hanging rails and crashed down the embankment for fifty feet to the water below. The locomotive rolled over and went into the river.

## TREATY WITH CHINA

MAKES PROVISION FOR THE OPENING OF TWO PORTS IN MANCHURIA.

RECOGNITION FROM RUSSIA

PREVIOUSLY STATED THAT CONVENTION WOULD BE BINDING UPON HER.

Washington, Oct. 9.—The state department was informed during the day that the American-Chinese commercial treaty has been signed at Shanghai and that the Japanese-Chinese treaty will be signed shortly. The cablegram announcing the signing of the treaty was sent from Shanghai and was signed by Minister Conger, Consul General Goodnow and Mr. Seaman, the three commissioners who negotiated the instrument. An imperial decree by the Chinese government has made the treaty effective so far as that government is concerned, but it must be ratified by the United States senate before ratifications can be exchanged and the treaty put in operation.

Great satisfaction is expressed at the state department at the outcome, as it makes certain that the two ports in Manchuria will be opened to the United States, no matter what the outcome as to the negotiations for the evacuation of that territory by Russia may be. The assurance that Russia has previously given, and to which this government would insist upon adherence, is that the treaty arrangements made with China covering Manchurian ports will be binding upon the Russian government. The principal points of the treaty are, briefly, as follows:

Provisions of the Treaty.

First—Settlement of the long vexed question of internal taxation in China.

Second—Recognition of America's right of residence throughout the empire for missionary work.

Third—Protection of patents, trade marks and copyrights.

Fourth—Mining rights.

Fifth—Opening of new localities to international trade in the part of the empire in which the United States has vast commercial interests.

Sixth—Right to carry on trade, industries and manufactures in all ports of China.

The negotiations between China and the United States, which culminated in the treaty signed at Shanghai, were initiated under the provisions of Article XI of the final protocol, signed by the powers at Peking on Sept. 7, 1901, terminating the anti-foreign outbreak of the preceding year.

The present treaty has for its object to extend the commercial relations between the contracting powers by amending our existing treaty of commerce and navigation with China and other subjects concerning central relations with the object of facilitating them.

Article IV is the most important of the treaty. By it the Chinese government abandons its duty on goods in transit, and will charge port of entry duties alone.

JUMPS FROM A TRAIN.

Wesley Hedges Suddenly Becomes Deranged and Attempts Suicide.

Crawfordsville, Ind., Oct. 9.—Wesley Hedges, traveling on a Big Four train, accompanied by his wife and three children, en route from Jacksonville, Va., to LaHarpe, Ill., suddenly became deranged while on the train and after arriving here, held the police at bay for a long time.

While the train was running fifty miles an hour, Hedges suddenly gave a wild scream and seizing one of his children plunged through the car window into the darkness. His wife grabbed the boy, just as the man disappeared. The trainmen stopped the train and with the assistance of the passengers a torchlight search along the track was made. The searchers soon came upon Hedges lying near a telegraph pole. He was picked up for dead and placed in the baggage car and brought to this city. Shortly after arriving he began to show signs of life. Left in the station unattended Hedges again became violent and sprang out of the station and ran down the street, pursued by the entire police force. With large stones which he picked up he kept his pursuers at bay. He was finally overpowered and taken to jail.

YELLOW FEVER SPREADING.

Twenty-five New Cases Reported in Laredo, Tex.

Laredo, Tex., Oct. 9.—The number of new cases of yellow fever—twenty-five—Thursday showed a slight increase as compared with the past three days. The doctors, however, still maintain there is no need of alarm. There was one death from the fever Thursday.

A telephone message from the United States consulate stated that Dr. Alonzo B. Garrett, the consul, is ill of a fever, but the case has not yet been diagnosed as yellow fever.

Two additional cases of yellow fever and two suspicious cases have been reported in Monterey.

JUMPS FROM A TRAIN.

Wesley Hedges Suddenly Becomes Deranged and Attempts Suicide.

Crawfordsville, Ind., Oct. 9.—Wesley Hedges, traveling on a Big Four train, accompanied by his wife and three children, en route from Jacksonville, Va., to LaHarpe, Ill., suddenly became deranged while on the train and after arriving here, held the police at bay for a long time.

While the train was running fifty miles an hour, Hedges suddenly gave a wild scream and seizing one of his children plunged through the car window into the darkness. His wife grabbed the boy, just as the man disappeared. The trainmen stopped the train and with the assistance of the passengers a torchlight search along the track was made. The searchers soon came upon Hedges lying near a telegraph pole. He was picked up for dead and placed in the baggage car and brought to this city. Shortly after arriving he began to show signs of life. Left in the station unguarded Hedges again became violent and sprang out of the station and ran down the street, pursued by the entire police force. With large stones which he picked up he kept his pursuers at bay. He was finally overpowered and taken to jail.

#### CAN'T KEEP IT UP.

Can't Deceive Brainerd People Very  
Long They Learn Quickly.

It is sometimes an easy matter to fool  
the public, but you can't keep it up very  
long. They are sure to find you out;  
and every time a man is fooled another  
skeptical is made. We are naturally  
skeptical when reading a published  
statement given by some stranger in a  
far away place, but the circumstances  
are entirely different when home en-  
dorsement is presented. The testimony  
of local citizens renders deceit impos-  
sible. It is so easy for you to investigate.  
Read this case:

Mrs. Moses Dercher, of 127, 7th St.  
south says: "Low down in the small  
part of my back there was a pain very  
distressing, by spells becoming much  
worse and causing me discomfort to say  
the least. My husband bought a box of  
Doan's Kidney Pills at the nearest drug  
store and I started taking them. The  
medicines which I had used failed to  
help me but I can truthfully bear wit-  
ness that Doan's Kidney Pills relieved  
my backache entirely and corrected a  
disorder of the kidneys which accom-  
panied the backache."

Sold for 50 cents, at H. P. Dunn &  
Co., and all druggists. Foster Milburn  
Co., Buffalo, N. Y., sole agents for the

test will take place about 3:30 p. m.

A. G. Shanks, and the clerk's team,  
whose destinies are looked after by J. C.  
Smallwood. The clerks never knew  
that they were in the game and were  
beaten by 255 points. Captain Small-  
wood says that he will have his men  
down fighting form before another  
game. He is going to put Alfred John-  
son and Floyd Brown through a course  
of sprouts and he is going to take a few  
hot baths himself.

## REV. C. E. FARRAR

HAS RESIGNED

As Rector of St. Paul's Episcopal  
Church in This City Effec-  
tive December 1.

HE WILL GO TO CALIFORNIA

Meeting of Officers Held Last  
Night and Call Extended Rev.  
W. J. Moody.

Rev. C. E. Farrar, rector of St. Paul's  
Episcopal church in this city, has ten-  
dered his resignation and the same has  
been accepted to take effect Decem-  
ber 1. Rev. Mr. Farrar came to Brainerd  
nearly two years ago from Lake Benton,  
Minn., and he has made friends on all  
sides. He is a polished, well educated  
gentleman and not in many years has  
St. Paul's church had an abler man. He  
will be greatly missed in Brainerd by  
those who have grown to know him  
best.

Last night there was a meeting of  
the officers of the church and a call was  
extended to Rev. W. J. Moody, of Mor-  
ris. Mr. Moody succeeded Rev. R. J.  
Mooney, at Morris and has not been  
there very long. He is an able preacher  
and will be a worthy successor to Rev.  
Mr. Farrar, if the call is accepted. He  
will consider the matter for a short time  
before giving the officers of the church  
an answer.

Presiding Elder Clemens, of Duluth,  
arrived in the city this afternoon from  
the east and left for the south on No. 6.

W. E. Verity and H. G. Hays, who  
played Damon and Pythias very success-  
fully on the editorial excursion to Wash-  
ington last summer, have joined forces,  
and are become joint proprietors of the  
Wadena Tribune and the Bemidji Sen-  
tinel.—Minneapolis Journal.

Miss Myna Shultz left for Brainerd  
Monday to visit friends a week. She  
will leave for San Francisco in about  
two weeks to spend the winter with her  
sister, Mrs. Geo. McMartin. \* \* Peter  
Joslin went to the sanitarium at Brainerd  
Saturday for treatment.—Staples  
World.

In the mention of the events which  
will be given this winter under the  
auspices of Brainerd Lodge, B. P. O. E.,  
special mention should have been made  
of ladies' night, next Thursday night,  
Oct. 15. Mention was not made either  
of the memorial day exercises which  
will be held in the opera house early in  
December.

The M. E. conference at Duluth turned  
down the wish of the Anoka M. E.  
church to have Rev. C. W. Parsons  
clecated at Anoka and instead appointed  
Rev. William Love, of the First church  
of Minneapolis, to Anoka. A committee  
met and passed a resolution closing the  
church against any one except Rev. Mr.  
Parsons until the matter is settled.

At the annual meeting of the State  
Congregational association at St. Paul  
Rev. Allen Clark, general missionary for  
Minnesota, said that one new church  
had been organized, seven new preach-  
ing stations established and eight more  
Sunday schools organized in the state.  
Contributions from the churches had  
increased, but there was need of \$1,000  
to carry on the work. A contribution  
was then taken.

After this issue of the News the name  
will be changed to the Backus News and  
Pillager Post, Wm. Pennar having sold  
the Pillager Post to us. This transfer  
makes the News a legal newspaper and  
we are now entitled to publish legal  
notices of all kinds, which fact we trust  
our friends in the legal profession will  
bear in mind. We shall endeavor to  
make the News-Post a live, wide-awake  
publication, of value to its readers and  
a credit to Cass county.—Backus News.

There was a bowling match last night between the barbers' team, captained by A. G. Shanks, and the clerk's team, whose destinies are looked after by J. C. Smallwood. He is going to put Alfred Johnson and Floyd Brown through a course of sprouts and he is going to take a few hot baths himself.

## REV. C. E. FARRAR HAS RESIGNED

As Rector of St. Paul's Episcopal Church in This City Effective December 1.

## HE WILL GO TO CALIFORNIA

Meeting of Officers Held Last Night and Call Extended Rev. W. J. Moody.

Rev. C. E. Farrar, rector of St. Paul's Episcopal church in this city, has tendered his resignation and the same has been accepted to take effect December 1. Rev. Mr. Farrar came to Brainerd nearly two years ago from Lake Benton, Minn., and he has made friends on all sides. He is a polished, well educated gentleman and not in many years has St. Paul's church had an abler man. He will be greatly missed in Brainerd by those who have grown to know him best.

Last night there was a meeting of the officers of the church and a call was extended to Rev. W. J. Moody, of Morris. Mr. Moody succeeded Rev. R. J. Mooney, at Morris and has not been there very long. He is an able preacher and will be a worthy successor to Rev. Mr. Farrar, if the call is accepted. He will consider the matter for a short time before giving the officers of the church an answer.

Presiding Elder Clemens, of Duluth, arrived in the city this afternoon from the east and left for the south on No. 6.

W. E. Verity and H. G. Hays, who played Damon and Pythias very successfully on the editorial excursion to Washington last summer, have joined forces, and are become joint proprietors of the Wadena Tribune and the Bemidji Sentinel.—Minneapolis Journal.

Miss Myna Shultz left for Brainerd Monday to visit friends a week. She will leave for San Francisco in about two weeks to spend the winter with her sister, Mrs. Geo. McMartin. \* \* Peter Joslin went to the sanitarium at Brainerd Saturday for treatment.—Staples World.

In the mention of the events which will be given this winter under the auspices of Brainerd Lodge, B. P. O. E., special mention should have been made of ladies' night, next Thursday night, Oct. 15. Mention was not made either of the memorial day exercises which will be held in the opera house early in December.

The M. E. conference at Duluth turned down the wish of the Anoka M. E. church to have Rev. C. W. Parsons elected at Anoka and instead appointed Rev. William Love, of the First church of Minneapolis, to Anoka. A committee met and passed a resolution closing the church against any one except Rev. Mr. Parsons until the matter is settled.

At the annual meeting of the State Congregational association at St. Paul Rev. Allen Clark, general missionary for Minnesota, said that one new church had been organized, seven new preaching stations established and eight more Sunday schools organized in the state. Contributions from the churches had increased, but there was need of \$1,000 to carry on the work. A contribution was then taken.

After this issue of the News the name will be changed to the Backus News and Pillager Post, Wm. Pennar having sold the Pillager Post to us. This transfer makes the News a legal newspaper and we are now entitled to publish legal notices of all kinds, which fact we trust our friends in the legal profession will bear in mind. We shall endeavor to make the News-Post a live, wide-awake publication, of value to its readers and a credit to Cass county.—Backus News.

## HIGHEST IN YEARS.

Mississippi River Highest Since the High Stage of 1898. Which was a Record Breaker

The Mississippi river has reached the highest stage since the famous rise of 1898—which was the highest within the memory of the river men now working in Minneapolis.

So far the Mississippi & Rum River Boom company had not had any trouble with its booms and does not anticipate a break or the loss of any logs unless the river should rise much higher. The only break the company has had in the last few years was in 1897, when the booms were full.

## Musical Club Entertainments.

The Ladies' Musical club has a rare treat in store for its members and all lovers of music.

A course of three entertainments will be given during the season, two of which will take place in the near future. We desire to call the attention of the public to the following press notices, and to others that will appear from time to time:

"One of the most unique, yet scholarly, and withal artistic figures on the concert platform is Edward Baxter Perry, the blind lecturer-pianist. He has made himself master of the instrument and has an unstinted fund of musical information, which he imparts in an easy style and with elegant language. In his playing Mr. Perry 'makes music' with the piano above everything else. He is a marvel of poetic feeling and fancy, and this is reflected in his playing."—Detroit Free Press.

"Mr. Farwell's paper (before the American Folk-lore society) proved to be one of the most remarkable in its line that has been given here. For an hour Mr. Farwell presented song after song in support of his claim that the 'Indian savages' of our country were more

musical than we of today, and his point seemed well taken. He showed by settings for the piano that their songs are not yells and screeches that we are prone to consider them, but are the spontaneous outbursts of their communications with nature, and are worthy in every way to form the foundation of a music which shall equal that of any of our older European contemporaries."—Boston Transcript, April 27 1901.

## ANOTHER OLD PIONEER GONE

John McNaughton, One of the  
Oldest Residents of the City,  
Passed Away.

WAS WITH N. P. FOR YEARS

As Foreman of the Blacksmith  
Shop, but Afterward in Business  
for Himself.

John McNaughton, one of the oldest residents of Brainerd, died this morning at 3 o'clock at his late home on 5th street south, after a lingering illness with a complication of diseases, but it is thought that the real cause of the death was heart trouble.

The deceased was one of Brainerd's oldest residents, coming here thirty years ago the second day of last January. He came to Brainerd to take a position with the Northern Pacific as foreman of the blacksmith shop which position he held for 11 years and 6 months. At the time the company wanted him to go to Mandan, but Mr. McNaughton did not care to go so opened a blacksmith shop of his own in the city, which he conducted ever since until a short time ago when he had to quit on account of sickness.

Deceased leaves a wife, Mrs. Ester McNaughton and three sons, John, Fred and Robert McNaughton, all of whom have the sympathy of a large circle of friends in the city.

John McNaughton was born in Genesee county, New York, in the year 1841, and he was therefore in his sixty-second year. In 1848 he moved to Michigan with his parents, where he learned the blacksmith trade, remaining there until the year 1863. He was married at Maple Grove, Mich., Feb. 14, 1862, to Esther D. Call, who now survives him. In 1866 he went to Chicago where he remained for two years going from there to Duluth, where he was employed by the Lake Superior & Mississippi Railroad company, after which he came to Brainerd to take the position with the Northern Pacific.

The old gentleman had scores of friends in the city. He was a rather unostentatious old man and did not belong to any orders in Brainerd, but he was none the less liked and everybody who has lived here for any time knew John McNaughton, and had naught but good to say of him. The funeral arrangements will be announced later.

## ENGINE STRIKES OIL CARS.

Train Almost Totally Destroyed in Fire Following the Explosion.

Springfield, Ill., Oct. 1.—The engine of a Chicago, Burlington and Quincy passenger train which entered the yards at Beardstown at the rate of twenty miles an hour Wednesday left the main track through an open switch and dashed into a string of six loaded oil tanks on the side track. Two of the oil tanks exploded, setting fire to the cars and sheds near by. The mail car of the passenger train was entirely consumed and the train is an almost total wreck, as it stood in the midst of the flames for hours. All the train crew and passengers escaped with but slight bruises, caused by the shock. Two cars of horses and mules which stood near the exploding oil tanks were wrecked and all the animals killed.

## CO-OPERATIVE EXCHANGE.

Minnesota Farmers Organize and Elect Officers.

The officers immediately took up the work of drafting a constitution and bylaws and this work is now in progress.

## GASOLINE STOVE EXPLODES.

Mother and Two Children Probably Fatally Burned.

St. Paul, Oct. 1.—Mrs. Carrie La Motte and her two young children were horribly burned by the explosion of a gasoline stove at their home here during the morning.

The mother and children were covered with the burning oil and sustained burns that in the case of the youngest child will doubtless prove fatal.

Mrs. La Motte was terribly burned and may not survive. The five-year-old boy is also in a critical condition.

## MUSIC AND DRAMA.

### MAHARA'S MINSTRELS.

One of the novelties in minstrelsy this season and a leading feature with Mahara Brothers' big minstrels is the appearance in the first part of some finely costumed lady vocalists. These women are graduates of the famous Dunovan musical college where nearly all the colored musicians are now educated. It is well known that the singing of this organization compares favorably, if not surpasses, that of any other colored organization of entertainers now touring the western country. It has always been the aim of Mahara Bros. to excel in singing if possible, and these women assisted by a number of male voices will be heard in all the latest song hits of the east. George Fitchner is the principal comedian this season and he has some good things to introduce.

Mahara's band and orchestra will give a parade in front of Dunn's drug store Saturday afternoon so be sure and see them. They appear at the opera house tomorrow night.

### "YON YONSON."

"Yon Yonson" comes to the Brainerd theatre next Thursday, Oct. 15. It is a three act comedy and it contains a plot of a great deal of merit. The story of the play is well told and the scenic effects are all that can be desired. The great log jam at the end of the second act is one of the best pieces of mechanical stage work that has been presented in a long time. This year it has been the aim of the managers to better the performance in every way.

### "LOVELY WOMAN."

How She Cruelly and Heartlessly Encourages Torture of Birds to Gratify her Perverted Tastes.

Under the above caption Miss Charlotte Hanlon, the eminent songstress, contributes the following able article on female cruelty to the helpless, innocent denizens of the air:

No woman should wear wings in her hat, since it is now known that the birds from whose tortured bodies they are torn, are not killed before they are mutilated. The barbarous creatures who ensnare them have no use for sentiment; and even if they were slaughtered beforehand, that would not lessen the crime. Despoiled and bleeding, they are left in the beautiful valleys. The Father of all created them to adorn, and why? In order that the perverted taste, and vanity of some women may be gratified.

To turn from the inhuman to the artistic aspect. Are hard, stiff wings in hats pretty?

Far more interesting and becoming are the imitation wings made of materials; and other elegant, if eccentric trimming now in vogue; especially the artificial flowers made of ribbons, so suitable for winter wear.

When purchasing these articles—if we cannot make them ourselves—we can feel happy in the thought that instead of encouraging the torture of helpless, lovely birds, we are enabling thousands of women and girls employed in their manufacture, to earn a respectable living.

Let us remember that birds love, and suffer sorrow when their young are in peril; and try to picture the anguish of the little creatures when they behold the valleys strewn with their loved—bleeding, left to starve to death.

Those who have seen all this can never forget. Only a Bird—and yet the pity of it! And the humiliation that such dark deeds are done to gratify her, whom poets have styled "Lovely Woman" and "Ministering Angels!" This state of affairs can never be grappled with by the humane societies—America is too vast for such officers to keep track of the horrible crimes committed. Women alone, by refusing to wear wings in their hats—by burning up the old ones, and by using their influence with their friends, can make an end of such horrible slaughter.

Oh! that all women would wear those ornaments designed in mercy!—Then we might at least, pose as "Ministering Angels" to the dear birds!

### "LOVELY WOMAN."

How She Cruelly and Heartlessly En-  
courages Torture of Birds to Gratify  
her Perverved Tastes.

Under the above caption Miss Char-  
lotte Hanlon, the eminent songstress,  
contributes the following able article on  
femine cruelty to the helpless, innocent  
denizens of the air:

No woman should wear wings in her  
hat, since it is now known that the birds  
from whose tortured bodies they are  
torn, are not killed before they are  
mutilated. The barbarous creatures  
who ensnare them have no use for senti-  
ment; and even if they were slaught-  
ered beforehand, that would not lessen  
the crime. Despoiled and bleeding,  
they are left in the beautiful valleys.  
The Father of all created them to adorn,  
and why? In order that the pervert-  
ed taste, and vanity of some women may  
be gratified.

To turn from the inhuman to the  
artistic aspect. Are hard, stiff wings in  
hats pretty?

Far more interesting and becoming  
are the imitation wings made of materi-  
als; and other elegant, if eccentric trim-  
ming now in vogue; especially the arti-  
ficial flowers made of ribbons, so suit-  
able for winter wear.

When purchasing these articles—if  
we cannot make them ourselves—we  
can feel happy in the thought that in-  
stead of encouraging the torture of  
helpless, lovely birds, we are enabling  
thousands of women and girls employed  
in their manufacture, to earn a respect-  
able living.

Let us remember that birds love, and  
suffer sorrow when their young are in  
peril; and try to picture the anguish of  
the little creatures when they behold  
the valleys strewn with their loved-  
bleeding, left to starve to death.

Those who have seen all this can  
never forget. Only a Bird—and yet the  
pity of it! And the humiliation that  
such dark deeds are done to gratify her,  
whom poets have styled "Lovely  
Woman" and "Ministering Angels!"  
This state of affairs can never be grap-  
pled with by the humane societies—  
America is too vast for such officers to  
keep track of the horrible crimes com-  
mitted. Women alone, by refusing to  
wear wings in their hats—by burning  
up the old ones, and by using their in-  
fluence with their friends, can make an  
end of such horrible slaughter.

Oh! that all women would wear those  
ornaments designed in mercy!—Then  
we might at least, pose as "Ministering  
Angels" to the dear birds!

## IN HIS OWN DEFENSE

JAMES H. TILLMAN TAKES THE STAND AND TESTIFIES IN MURDER CASE.

WANTED TO FIGHT A DUEL

SAYS HE CHALLENGED EDITOR GONZALES TO MEET HIM IN GEORGIA.

Lexington, S. C., Oct. 9.—James H. Tillman went on the stand today as a witness in his own behalf in the trial for the murder of N. G. Gonzales. It was just one hour before adjournment that his counsel asked that the defendant be called. With perfect self composure he arose from his seat among his attorneys and walked to the clerk's desk to take the oath. He was on the stand an hour and will continue his testimony today. Thirteen witnesses were heard Thursday. James Davis, the first witness for the defense, said he was riding on a train with the defendant from Johnston to Columbia. His attention was called to a conversation the defendant was said to have had with O. D. Black, a flagman, about Gonzales. The witness said he did not hear Tillman make any threats against Gonzales. On cross examination he said he did not know Terrell or Black.

Cole T. Bliss testified in regard to alleged threats made by Gonzales and the replies of Tillman thereto that he would take care of himself. Two senate doorkeepers testified to hearing Mr. Gonzales say he had made Tillman show the white feather twice and would make him show it again.

J. H. Hollenbach and C. E. Lorbeck told of the shooting of Gonzales by Tillman, each stating that he thought Mr. Gonzales was going to shoot Tillman.

Tillman Takes the Stand.

James H. Tillman when he took the stand was asked by Mr. Croft to explain this or that incident to which reference had been made during the trial. After making his explanation of the South Carolina club incident he was asked with regard to any messages he may have sent to Mr. Gonzales, saying that he had sent a verbal message to him to George H. Legare asking him (Gonzales) to meet him in Georgia. He said Mr. Gonzales wanted the invitation put in writing, for he was afraid it was a trap. He said also that he did not want to violate any of the duelling laws of his state.

Answering further questions, witness said that when he was correspondent in Washington for some Southern papers Mr. Gonzales was applicant for the consulate general at Shanghai, and he wrote in his dispatches that Mr. Gonzales would not be appointed. Asked as to Mr. Gonzales' attitude towards his military career, he said:

"It has always been bitter towards me since I was twenty-one years old." The question of his military career and the contention of the state were then taken up. Mr. Tillman stated among other things that Mr. Gonzales wanted to have him court-martialed, because of an incident which he related.

He denied he had ever been a traitor to his uncle and had never been intentionally discourteous to the senate.

He said the State had opposed him since 1901 and that the editorials in the State had been extremely abusive to him.

DISCUSSION CONTINUES KEEN.

Mr. Chamberlain's Programme the Absorbing Topic in Britain.

London, Oct. 9.—The discussion of Mr. Chamberlain's proposals continues keen, but so far the Liberals have made no organized attempt at a counter combination.

The newspapers are industriously collecting prominent colonial opinion on the fiscal question, which so far is not unduly enthusiastic, although largely favorable to Mr. Chamberlain's proposals.

THREE CRACKSMEN ARRESTED.

Suspected of Having Robbed a Nebraska Bank.

Lincoln, Neb., Oct. 9.—A Journal special from Shelton says: Three alleged cracksmen, giving the names of Frank Gordon, John Carroll and Walter Dillon, were captured by the sheriffs of Buffalo and Hall counties and detectives from Lincoln at a farm house near here Thursday. They were in bed and offered no resistance, though heavily armed. The officials charge they are the men who cracked the safe of the Bank of Byron a few days ago and secured \$2,000. Bank bills aggregating \$800 were found hidden in the house. The men were taken to Grand Island.

General Leggett Dead.

Butte, Mont., Oct. 9.—General John A. Leggett, territorial governor of Montana under President Grant, twice mayor of New Haven, Mich., and one of the founders of the Republican party, having been closely associated with Abraham Lincoln, is dead at "Hot Springs," Mont., aged twenty-one.

## SPECTACULAR MANEUVERS.

But Neither Army Manages to Win a Victory.

Camp Young, West Point, Ky., Oct. 9.—More spectacular and hotly contested, but lacking one or two of the finer points brought out in previous maneuvers, was the engagement participated in Thursday by practically the entire number of regular soldiers and national guardsmen in camp. When recall was sounded after two hours of hot fighting the result was practically a dog-fall, the blue army inflicting the heavier loss as tallied with the umpires, but the browns largely making up for this by a greater readiness to seize tactical advantages of position. The firing was the heaviest yet witnessed thus far. Car loads of blank cartridges were expended by infantry and artillery and from the time the opposing forces met until the game was over the hills reverberated to the crash of heavy volley firing.

The principal feat of the brown army was the effective use of artillery. Great mobility were shown and the pieces were worked all over the field, always arriving at a threatened point in time.

For the blue army the best work was done by the Indiana brigade, a battalion of the Twentieth infantry and a squadron of the Seventh cavalry. The blue artillery was of little effect.

TO ARRANGE FOR ARBITRATION.

Representatives of Building and Repairing Trades Confer.  
Indianapolis, Oct. 9.—Leading representatives of the national and international organizations of building and repairing trades met here in conference for the purpose of bringing their international organizations into a federation having for its object arbitration and adjustment of building trade affairs. Among those attending are R. H. Clardy, of the Painters, Decorators and Paperhangers; J. M. Hannan, International Steamfitters; J. M. Robbins, International Bricklayers and Masons; J. R. Cavanaugh and W. A. O'Keefe, Operative Plasterers International association; Frank Buchanan, Bridge and Structural Ironworkers; Herman Ryan, International Hod-carriers and Building Laborers; James M. Duffy and Thomas Locke, Carpenters and Joiners, and John Toney and J. B. French, Electrical Workers. They represent 700,000 workmen.

A committee on credentials was appointed and made its report. A committee was appointed to frame a skeleton constitution to be submitted to the conference.

BLOODHOUNDS AS WITNESSES.

Their Competency to Be Passed Upon by Nebraska Supreme Court.

Lincoln, Neb., Oct. 9.—The question of the competency of bloodhounds as witnesses in criminal prosecutions has been brought to the supreme court of Nebraska. The case is that of George W. Bratt, of Nemah county, convicted of burglary and sentenced to the penitentiary for three years. In his appeal Bratt alleges he was convicted mainly as a result of the bloodhounds trailing him from the place where the burglary was committed to his own home where a stolen purse was found. In his brief filed today in behalf of the state Attorney General Prout admits part of Bratt's contention that the dogs are incompetent to take the oath and are not subject to cross examinations, but otherwise he maintains that their testimony is as conclusive as that of man in circumstantial evidence.

Grain Dealers Adjourn.

Minneapolis, Oct. 9.—The Grain Dealers' National association concluded its sessions yesterday afternoon without choosing the next meeting place. The day was devoted almost entirely to the passage of resolutions and the discussion of papers. A resolution advocating reciprocity with Canada was passed by a large vote, as was a resolution commending the work of the experimental associations.

## BLOODHOUNDS AS WITNESSES.

Their Competency to Be Passed Upon by Nebraska Supreme Court.

Lincoln, Neb., Oct. 9.—The question of the competency of bloodhounds as witnesses in criminal prosecutions has been brought to the supreme court of Nebraska. The case is that of George W. Bratt, of Nemah county, convicted of burglary and sentenced to the penitentiary for three years. In his appeal Bratt alleges he was convicted mainly as a result of the bloodhounds trailing him from the place where the burglary was committed to his own home where a stolen purse was found.

In his brief filed today in behalf of the state Attorney General Pratt admits that the dogs are incompetent to take the oath and are not subject to cross examinations, but otherwise he maintains they are fit silent witnesses and as such their testimony is as conclusive as that of man in circumstantial evidence.

## Grain Dealers Adjourn.

Minneapolis, Oct. 9.—The Grain Dealers' National association concluded its sessions yesterday afternoon without choosing the next meeting place. The day was devoted almost entirely to the passage of resolutions and the discussion of papers. A resolution advocating reciprocity with Canada was passed by a large vote, as was a resolution commending the work of the experimental associations.

## NO PROTEST IS MADE.

Neither Grout Nor Fornes Objects to Filing of Amended Ticket.

New York, Oct. 9.—Although professing his determination to contest the right of the Republican and Citizens' Union city conventions to displace him as their nominee for controller, Edward N. Grout has made no appeal to the courts thus far. The filing of the amended ticket of the Republican organization with the board of elections was made without protest from either Mr. Grout or Mr. Fornes, and thus one step in the process of substitution has been accomplished.

## CRUSADE AGAINST GAMBLING.

Forty Frequenters of Milwaukee Resorts Arrested During Raids.

Milwaukee, Oct. 9.—A crusade against gambling houses in Milwaukee was started last night when the police raided two of the largest places in the city. Nearly forty frequenters of these places were arrested and taken to the police station. The paraphernalia found in each house was confiscated. The raid is the result of considerable agitation of late on the part of several citizens and the boys by the gamblers that they were paying for protection.
